

8' Spinner Mats

FOR SPINNERS AND TIRE SWINGS

Add extra protection under popular play equipment with the 8' spinner mat. Great for wood fiber installations to help avoid displacement of compliant surfacing. Use under tire swings just like other swing mats. Our chamfered perimeter provides less trip hazard and the interlocking design will help ensure steady placement for the most protection.

Product Details:

- Prevents rutting on loose fill surfaces under spinners and tire swings
- Extra heavy weight to prevent theft
