

Playground Spheres

Rubber playground surface spheres offer a creative way to enhance play spaces. Available in three standard sizes—both full and half spheres—they're ideal for climbing, seating, and imaginative play. With multiple color options, they add both visual appeal and durability to any playground.

Product Details:

- Available in 14", 20", and 28" full and half Sizes.
- Available in both pigmented buffings or premium EPDM.
- Various color options available, see below for color charts.
- Manufactured in the USA and comprised of recycled rubber materials.

Pigmented Buffings

Pigmented using organic powder color coating methods that will not delaminate over time. Sealed with specially formulated polymer agent that bonds pigments into the rubber.

EPDM Granules

Used to create options from bright solids to special blends for specific color themes.

Premium EPDM Granules

Please be advised that actual colors and availability may vary depending on region. All non-standard colors are subject to premium pricing and may require an extended lead time. Request samples for more accurate color matches. Other colors may be available upon request.
